

Dear Friend,

Thank you for your interest in Annette's Adventures. This is a personalized, comprehensive travel-planning service for discriminating individuals who want unique, memorable experiences which are easy on the planet.

My company, Annette's Adventures, follows the principles of ecotourism, which means protecting the local ecosystems and cultures through responsible travel. Ecotourism is an exciting alternative to the usual type of mass tourism. We strive to leave little, if any, impact on the environment. We use local-owned, small lodges and B&B's and activity operators who care for the environment.

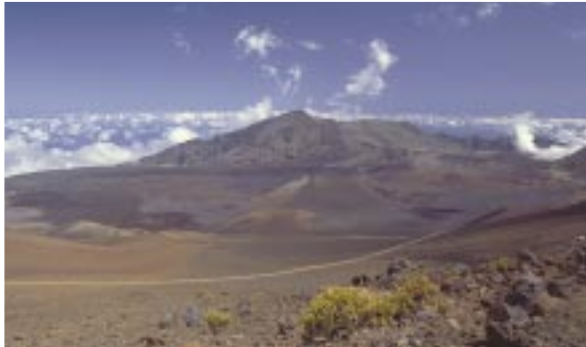

My expertise is putting together tour packages to Hawaii's unique, off-the-beaten-track places of natural and cultural significance. My specialty is finding interesting outings and excursions and reasonably-priced travel options throughout the islands to accommodate your needs. As a full-service travel consultant, I can find the most flexible and competitive fly-drive packages in Hawaii. I have personally visited many of the recommended bed-and-breakfasts and small hotels.

If you want a custom-designed, extra-special tour, Annette's Adventures has what you want. Call me soon, so that I can start planning your unforgettable and unusual trip to Hawaii.

Aloha,

Annette Kaohelauii
